- Energy star not rated

TOP LOADER WASHER

WT1485

Portable Top Load Washer

LG's WT-1485 top load washer comes ready to install as a fixed unit in your laundry room, or as a portable washer with a sink hose kit that attaches to any faucet.

Fully Automatic IntelloWash Sensor System

By pressing the Start button, the IntelloWash sensors detect the size of the load and determine the optimum water level and cycle time, keeping water and energy consumption to a minimum.

Child Lock

Prevents children from changing the program during operation. Press 2 buttons simultaneously to activate and de-activate. The letters "CL" will appear in the LED display every few seconds.

GENERAL FEATURES

Top loader	•
Capacity	2.6 cuft
